## Organization: What is the IB mission and legal status?

*The IB is a not-for-profit foundation, motivated by its educational mission, focused on the student.*

### Mission

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

### Legal status

The IB is a non-profit making Swiss Foundation registered in 1968. The activities of the organization are determined by an Act of Foundation approved by the Swiss authorities.

### Core values

#### **Motivated by a mission**

**We** aim to create a better world through education

#### **Partnerships**

## Programmes : What is the Learner Profile?

*It's the IB mission statement translated into a set of learning outcomes for the 21<sup>st</sup> century.*

The attributes of the learner profile express the values inherent to the IB continuum of international education: these are values that should infuse all elements of the three programmes and, therefore, the culture and ethos of all IB World Schools.

IB programmes promote the education of the whole person, emphasizing intellectual, personal, emotional and social growth through all domains of knowledge.

### IB learners strive to be:

Inquirers  
Knowledgeable  
Thinkers  
Communicators  
Principled  
Open-minded  
Caring  
Risk-takers  
Balanced  
Reflective

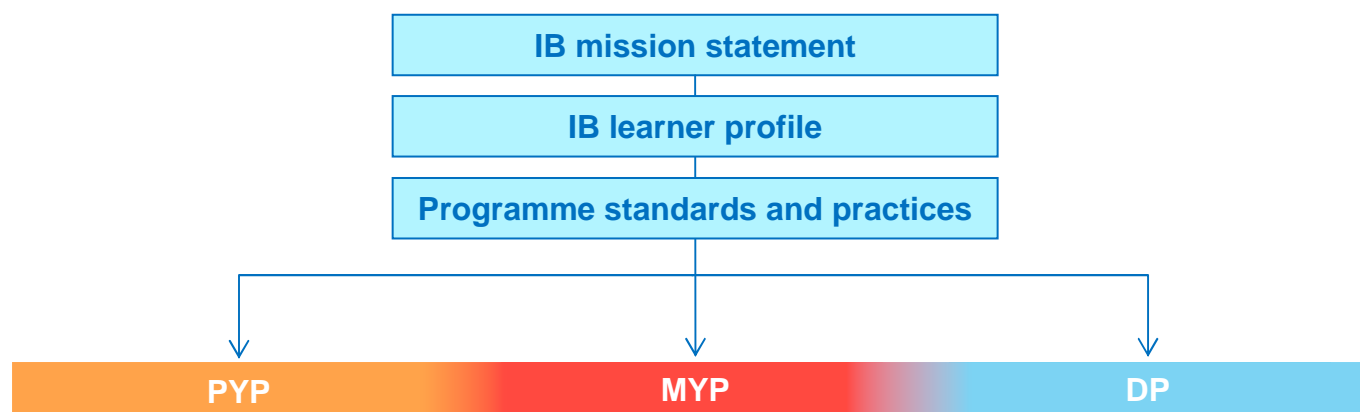

## Background

- The following slides identify the common strands and unique components of the three IB programmes: *Primary Years Programme* (PYP), *Middle Years Programme* (MYP), and *Diploma Programme* (DP).
- The IB publication, *Towards a continuum of international education*, offers an in-depth discussion for each of the following continuum topics.
- A more detailed explanation of each IB programme is located in the respective programme publications and PowerPoint presentations available from the IB.

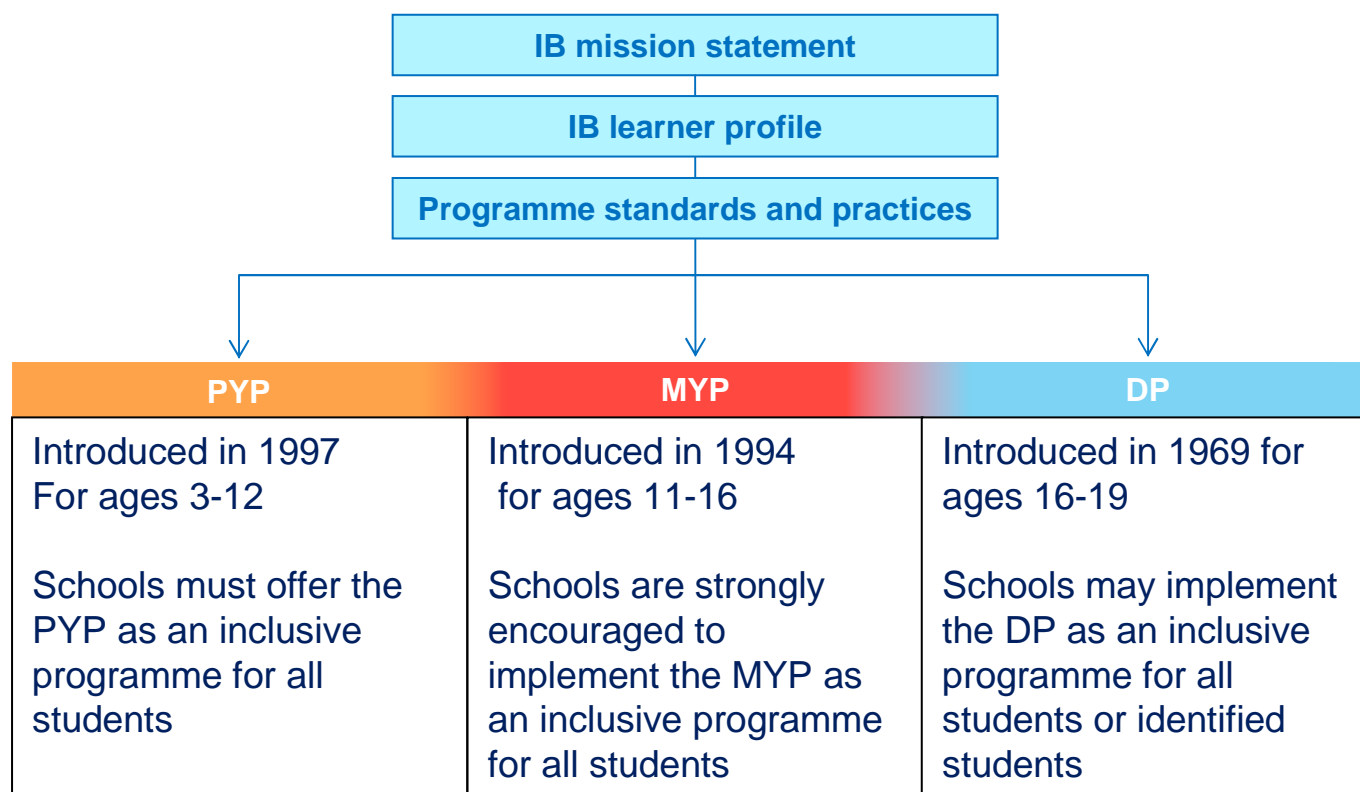

# The IB continuum of education

## Three programmes: one continuum

Continuum - part of a Latin verb now used in English as a noun meaning *to keep together*,  
*uninterrupted without a break: a continuous series in which no part is noticeably different from  
the parts immediately next to it but the extremes or ends are very different.*
